1 Introduction

</todo>

1.1 Motivation and Context

</todo>

1.2 Problem Statement

</todo>

1.3 Objectives

The main objectives of this project are: </todo>

2 Literature Review

</todo>

3 System Design

3.1 System Architecture

</todo>

Modules Division

3.2 Class Diagram

3.3 Data Flow

3.4 Use-Case Diagram

The following use-case diagram illustrates the main interactions between a user (e.g., a researcher) and the forecasting system.

4 Methodology

Methodology

Further explanation of the methodology steps illustrated above.</todo>

5 Implementation

5.1 Project Structure

The project is organized into the following directory structure:

```
<todo></todo>
```

5.2 Key Components

The key components of the implementation are: </todo>

The implementation uses several external libraries, including: </todo>
